Accidents can happen to anyone at anytime

Consider these statistics:

- » On average, an accident occurs every 4 seconds¹
- » Accidental injuries happen to 27.7 million people each year¹

Most people aren't prepared to deal with emergencies or illness while traveling. Travel assistance protection provides security for you and your household members when you're away from home.

How it works

We've partnered with On Call International to provide important travel assistance protection services when you or your household members are 100 miles or more from home, including personal and business travel, for trips of up to 90 days.

You're automatically enrolled in travel assistance protection when you elect term life insurance or disability insurance from Nationwide Employee Benefits.

A helping hand in medical emergencies

Feel secure knowing that travel assistance protection benefits are available 24 hours a day. If you have an emergency medical situation while traveling, call 877-318-6896 to:

- » Coordinate and pay for medical evacuation to the nearest treatment facility or back home, when medically necessary, up to \$100,000
- » Send your dependent children home if left unattended due to your emergency, up to \$7,500
- » Send your traveling companion home, up to \$7,500
- » Arrange a bedside visit for a family member or friend if you are hospitalized for more than seven days, or if you are in critical condition, up to \$7,500
- » Arrange and pay for repatriation of remains services, up to \$15,000

In addition to assisting with medical emergencies, your coverage also provides the following personal services:

- » Receive and transmit emergency messages
- » Emergency cash advances, up to \$500*
- » Emergency medical payments, up to \$10,000*
- » Legal assistance/bail, up to \$5,000*

** You must reimburse On Call for these expenses*

Pre-departure assistance

On Call can also help you obtain valuable information before you travel, including immunization and passport requirement information, foreign exchange rates, travel advisories and weather conditions.
