This Professional Learning Opportunity for K-12 school counselors will occur three times a year. The cohort package is intended for the consistent attendance of a school counselor for all three sessions. The full-day professional learning topics will include:

- student and staff mental health needs and strategies
- crisis management and recovery
- equity, inclusion, and belonging initiatives
- counselor-identified needs
- PDE initiatives
  (social-emotional wellness, Act 158 pathways, etc.)

**For a systems approach, we encourage districts to send representation from the K-12 counseling team for district-wide collaboration.
